To Whom It May Concern;

I am writing in support of keeping the STRIVE program in the department of Labor Budget. The STRIVE program has been an on going help for all people in the community and statewide. It has given me a very positive outcome. I myself graduated in September of 2012. I have benefitted from this program tremendously and I can tell you it works!!! After finishing this program I felt very capable to face the job market. Now that's success!!! I know you have a tough decision to make, but please consider this program as a keeper for the community and statewide so that none is left behind that need the program help.

Thank for your consideration.

Sincerely,

Ms. Louise Bradley
